

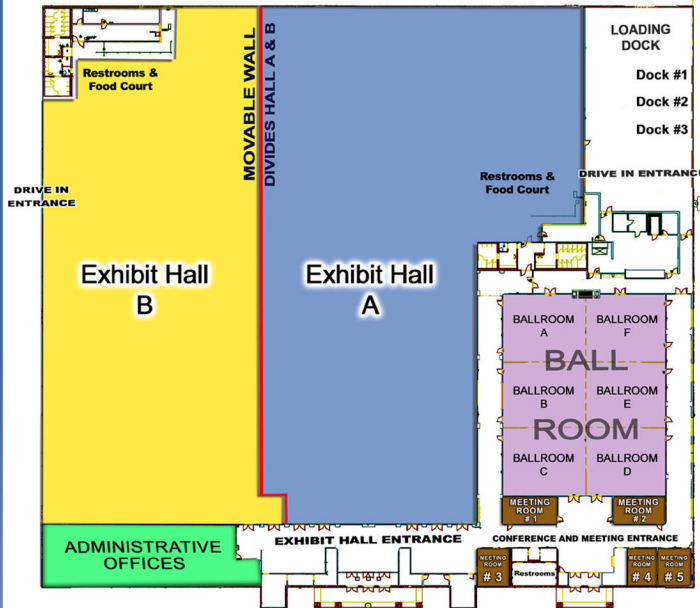

EXHIBITION HALLS

Fredericksburg
Expo & Conference Center

FREDERICKSBURG, VIRGINIA

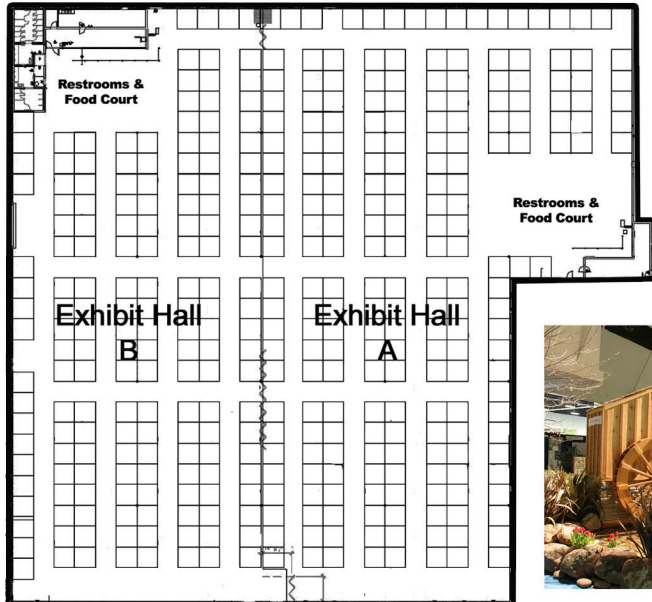

- The Fredericksburg Expo and Conference Center features 80,000 square-feet of exhibit hall space which is divisible into two separate halls. Each hall has its own Food Court and Restrooms. A permanent show office and a box office with three registration/cashier windows are included with each hall. The exhibit hall is designed to accommodate over 400 10' x 10' trade show booths, with 60 foot column centers and all utilities available from the ceiling. Because of its ground level location, the exhibit hall offers unlimited floor capacity and has a 30 foot ceiling that slopes to 26 feet on edge. The hall is served by three loading docks and two oversized drive-through doors allowing access to the hall and on-floor unloading of trucks.

- From large corporate events to general sessions to consumer shows and concerts, our staff can transform the exhibit hall (s) to create the perfect event that can accommodate up to 3,400 attendees.

Services: Electric (20-200amp, 120-208v/ 3phase), Water, Drain, Voice/Data Connection (Wired/Wireless) House Sound/PA, Fully zoned HVAC and Lighting Systems, In-house Housekeeping and Decorating
